MIRAGE 2

Contemporary style, square shapes and clean lines for a sophisticated look and feel: the MIRAGE collection embraces materials and textures to add a vibrant spirit to luxury interior spaces.

The great tradition of cabinet-maker guides GIORGIO COLLECTION in the selection of the rare and exotic Madagascar Mowigui: a wood from the African rainforests, with a figured grain that adds a decorative image to the furniture. Bleached and stained, it is utilized in deep grey color.

Another outstanding protagonist of the MIRAGE collection is Kenya Black marble, a striking stone, with an intense color and veins that suggest the image of bark on large tree trunks. The material is enhanced with an open pore acid-etched finish. In MIRAGE, the marble does not simply decorate tops and details but becomes the structure of the furniture, reversing the classic balance of the materials.

Scotch-gard nubuck and fine aniline leather cover and enhance the upholstered pieces. Finally, details in black galvanic satin-finished nickel light up the four areas of the collection: living room, dining room, bedroom and office.

MIRAGE offers a refined total look with over 50 pieces, also including precious complements and accessories such as lamps, rugs, mirrors, vases and paintings.

GC for GC

Geovana Cléa was born in Brazil in 1977. She studied art and Italian language in Florence during the 90s. For more than twenty years, the artist presented her work internationally in various art scenes, among many New York, London, Amsterdam, Montecarlo, Basel, Milan, Lisbon, and Paris.

Along with numerous exhibitions, Geovana also participated with four paintings at the 54th Biennale di Venezia directed by Vittorio Sgarbi and won a prize at the National Salon des Beaux-Arts at the Louvre, in Paris.

This Salon is better known as the “salon of the impressionists” of Paris. The artist is also present in two literary publications and is an immortal member of the Academy of Science, Literature, and Arts of São Paulo where she was appointed a chair and later a gold medal in 2015 for her exceptional artistic career. In recent years, Geovana funded her gallery Emotions of The World (EOTW Gallery) and was part of various collaborations with well-known Italian luxury designer brands.

Geovana is an abstract expressionist and naturalist, she aims to recreate the natural effects of the Earth through her colors. She is deeply in love with water, wood, gold, crystals, quartz, and other types of rocks. In truth, these elements can be seen in all of her creations, reflecting the strong influence of Geology in her creative process.

Geovana Cléa for Giorgio Collection, or simply GC for GC, is an ideal collaboration since the refined creations inspired by natural elements blend just perfectly with the luxurious Italian furniture of Giorgio Collection.
